What writings on the English Renaissance do you know - What idea do you form of the period both from these texts and from your history knowledge of it -

I know many writings of the English Renaissance, "To Music" by Robert Herrick some scenes of Shakespeare, scenes of Romeo and Juliet, scenes between Lorenzo and Jessica in the Merchant of Venice, songs of Shakespeare "The Shepherd's song" "Two songs from Twelfth Night" and fragments of the English Bible "Solomon's song" - and "A virtuous woman."

The Renaissance in England has the is characterized by new ideas produced by the influences of ancient literature and modern discoveries -

It is an "awakening of the mind". a
